Good Morning I.S.201! My name is Esther Chen from class 852, and I am here for the Words of Wisdom Wednesday on behalf of the S.E.A.L. Team.

Today is National Internet Day! This day commemorates one of the most important inventions in modern history, the internet. It brings people together throughout the world, it allows us to learn new information and discover new opportunities, and it lets us share ideas in only a couple of seconds. Whether it is a google classroom, a creative video, or a friend from a different part of the world, the internet has changed the way we live, learn, and communicate.

The internet should be a place for learning and connection, not negativity or hate. So, let's commit to using the internet responsibly, think before we post, protect our private information, and respect others on the internet.

Like Eleanor Roosevelt, today's affirmation is: *"I uplift people with my words."*

Thank you for listening and have a Worldwide Wednesday 😊
